FIG students spend a lot of time in class learning from each other. General education classes shared by FIG students can be large lecture classes, so you won’t be limited to JUST your FIG friends - but it’s great to have another honors student heading to the same class as you!

Students in FIGs often get more opportunities to interact with professors, upper-level students, and people in the community who share their passions.

As a member of an Honors FIG, you will be surrounded by other high-ability students in your residence hall and classes. You will also be guaranteed space in one or two honors courses your first semester.
FIGs IN THE HONORS LEARNING COMMUNITY
(MARK TWAIN HALL)

HONORS EXPERIENCE (Open to all majors)
Honors Experience FIGs are open to all Honors Students regardless of major. These FIGs are a great way to meet students from a variety of schools and majors at Mizzou!
